The Summary of Benefits and Coverage (SBC) document shows you how you and the <u>plan</u> would share the cost for covered health care services.

NOTE: Information about the cost of this <u>plan</u> (called the <u>premium</u>) will be provided separately. This is only a summary. Please read the Plan brochure that contains the complete terms of this plan. All benefits are subject to the definitions, limitations, and exclusions set forth in the Plan brochure. Benefits may vary if you have other coverage, such as Medicare. For general definitions of common terms, such as <u>allowed amount</u>, <u>balance billing</u>, <u>coinsurance</u>, <u>copayment</u>, <u>deductible</u>, <u>provider</u>, or other <u>underlined</u> terms see the Glossary. You can get the Plan brochure at http://staff.nalchbp.org. You can call 888-636-NALC (6252) to request a copy of either document.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$300/individual or \$600/family	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. Preventive care and primary care services are covered before you meet your deductible.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	For in-network providers, \$3,500 individual / \$5,000 family. For out-of-network providers, \$7,000 individual and family.	The <u>out-of-pocket limit</u> , or catastrophic maximum, is the most you could pay in a year for covered services. If you have other family members on the <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, health care this Plan does not cover, coinsurance for skilled nursing care, and penalties for failure to precertify.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes. See https://staff.nalchbp.org or call 877-220-6252 for a list of network providers.	This <u>plan</u> uses a provider <u>network</u> . You will pay less if you use a provider in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No.	You can see the specialist you choose without a referral.

All $\underline{copayment}$ and $\underline{coinsurance}$ costs shown in this chart are after your $\underline{deductible}$ has been met, if a $\underline{deductible}$ applies.
